

The Association of Dental Implantology

(the Charity)

Trustee Election Regulations (v17.11.18)

Terms defined in the Articles of Association (**Articles**) of the Charity shall have the same meanings in these regulations unless the context otherwise requires.

1. The President Elect shall be elected from the Trustees. Nominations shall require a proposer, this being a Trustee. Nominations shall be sent to the Secretary at least fourteen days before the given date of the Trustee meeting immediately prior to the AGM. If more than one candidate is nominated, the nominees will state their objectives in electronic format in order for either a web ballot (or such other method of electronic voting as the Trustees may determine) or a vote at the appropriate Trustee meeting to take place. If more than two candidates are nominated, a first round ballot by the Trustees will take place. The two nominations receiving the highest number of votes will then contest a second round of voting by the Trustees to determine the elected Trustee.
2. After holding office for two years, the President Elect shall (provided his or her office has not previously been terminated in accordance with the Articles) automatically assume the office of President of the Charity. After holding this office for two years, the President shall assume the office of Immediate Past President of the Charity.
3. A Past President (including the Immediate Past President) shall not normally be eligible for re-election as President. Only in exceptional circumstances and with the consent of the Trustees may a Past President be eligible for re-election.
4. The office of Honorary Treasurer shall normally be elected from past or present Trustees. Nominations shall require a proposer, this being a Trustee. Nominations shall be sent to the Secretary at least fourteen days before the given date of the Trustee meeting immediately prior to the AGM. If more than one candidate is nominated, the nominees will state their objectives in electronic format in order for either a web ballot (or such other method of electronic voting as the Trustees may determine) or a vote at the appropriate Trustee meeting to take place. If more than two candidates are nominated, a first round ballot by the Trustees will take place. The two nominations receiving the highest number of votes will then contest a second round of voting by the Trustees to determine the elected Trustee. The retiring Honorary Treasurer shall be eligible for re-election for a further period of office of two years. The maximum permitted term of office shall be four years.
5. The Technical Representative shall be selected from the Full Technical Members of the Charity. All Full Technical Members will be invited to nominate themselves for election. All nominations must be received in writing at least six weeks before the given date of the AGM. Where more than one nomination is received, a postal or electronic ballot of all the Full Technical Members shall be organised by the Secretary. The successful Full Technical Member shall be notified prior to the AGM and be announced as the Technical Representative at that meeting. Where no nominations are received, the Trustees may approach a Full Technical Member. If they agree to stand for the position of Technical Representative, this will be carried as though they had been elected in the manner stated above.

6. The DCP Representative shall be selected from the DCP members of the Charity. All DCP members will be invited to nominate themselves for election. All nominations must be received in writing at least six weeks before the given date of the AGM. Where more than one nomination is received, a postal or electronic ballot of all the DCP members shall be organised by the Secretary. The successful DCP member shall be notified prior to the AGM and be announced as the DCP Representative at that meeting. Where no nominations are received, the Trustees may approach a DCP member. If they agree to stand for the position of DCP Representative, this will be carried as though they had been elected in the manner stated above.
7. A Regional Representative shall be elected by the Full Clinical Members from each of the following ten regions:
 - a. Wales;
 - b. Scotland;
 - c. Northern Ireland;
 - d. North West England;
 - e. North East England;
 - f. West Central England;
 - g. East Central England;
 - h. London;
 - i. South East England; and
 - j. South West England.

All Full Clinical Members will be invited to nominate themselves for election as the Regional Representative for their region. All nominations must be received in writing at least six weeks before the given date of the AGM. For each region where more than one nomination is received, a postal or electronic ballot of all the Full Clinical Members in that region shall be organised by the Secretary. The successful Full Clinical Members shall be notified prior to the AGM and be announced as the Regional Representatives at that AGM. Where no nominations are received from a region, the Trustees may approach a Full Clinical Member from that region. If they agree to stand for the position of Regional Representative, this will be carried as though they had been elected in the manner stated above.

8. A retiring Regional Representative and Technical Representative Trustee shall be eligible for re-election.
9. The office of Academic Representative shall be held by an ADI member who fulfils the academic criteria for the post agreed by the Committee. Nominations shall require a proposer, this being a Trustee. Nominations shall be sent to the Secretary at least fourteen days before the given date of the Trustee meeting immediately prior to the AGM, and should be accompanied by a summary of the academic achievements of the candidate and the reasons why they would be suitable for the post, together with confirmation that the individual would be willing to hold the post. If more than one candidate is nominated, either a web ballot (or such other method

of electronic voting as the Trustees may determine) or a vote at the next appropriate Trustee meeting will be held to determine the outcome. If more than two candidates are nominated, a first round ballot by the Trustees will take place. The two nominations receiving the highest number of votes will then contest a second round of voting by the Trustees to determine the elected Trustee. The retiring Academic Representative shall be eligible for re-election for a further period of office of two years. The maximum permitted term of office shall be four years.
